SCHOOL VOLUNTARY CONTRIBUTIONS	
Kindergarten – Year 6	\$60

Voluntary Contributions are used to supplement school expenditure. While they are voluntary, the quality of our teaching and learning program will be maximised when each family makes its contribution. Contributions supplement funding gained from other sources including the State and Commonwealth Governments.

CHARGES

The term '**Charges**' refers to the extra costs of optional activities which are part of any education programme and which contributions do not cover. All the items are optional. If no payment is received an educational activity with a similar outcome will be provided for that student. The estimated costs are at an upper limit and will not exceed this amount. These costs will only occur if the activity is actually undertaken.

Payment will be requested during the school year when costs and participation are confirmed.

For all Contributions and Charges, a range of payment options is available and may be negotiated with the school.
